CHARLES A. SHURTLEFF

For Associate Justice Supreme Court

VOTE FOR JUDGE SHURTLEFF

Voters of California will have a unique experience in the primary election on August 29. For the first time since the adoption of the present state constitution the majority of the members of the supreme court must be chosen by the electorate. Never before has it been necessary at one election to choose a chief justice and three associates in the court.

San Mateo county, along with the rest of the state, can take a just pride in returning to one of those high offices Judge Charles A. Shurtleff, who is a candidate for one of the two long term associate justiceships.

Judge Shurtleff, who is at present filling the unexpired term of Justice Warren Olney, Jr. (resigned), has occupied the position to which he seeks election since 1921. His record during the past year in the office is in itself sufficient warrant for retaining him on the supreme bench.

But Judge Shurtleff has more to commend him to the voters of California than his record as an associate justice. He has the enviable records of 40 years' successful practice, of high service to his profession through his city and state bar associations and to the citizens of the state generally as a member of the state board of legal examiners and as president of the legal aid society of San Francisco.

Allegiance to ideals of justice and to the laws of his country are his most pronounced habit of thought and action. His deep rooted instinct for justice, coupled with his profound sympathy for all his fellows make him ideally constituted for the highest court in the state.

There is no man in California better qualified to meet the exacting requirements and the demands of the supreme court than Judge Shurtleff. His is the constructive type of mind. The sentence of the supreme court cannot cause him to lose sight of the individual man or woman whose case is before him.

It is seldom in the political history of a community of a state that voters can unite on such a candidate as Judge Charles A. Shurtleff. We hope to see San Mateo county lead the way in the matter of giving him a record vote for associate justice of the supreme court. A vote for him is a vote in the best interests of California and every man and woman in it.

SAN MATEO COUNTY, the home of this noted jurist, should give Judge Shurtleff an almost unanimous vote. County pride should prompt this action.

BAR ASSOCIATION FOR SAMPLE BILL

That the California bar is performing a public service in its campaign in behalf of the sample bill, prohibiting the unlawful practice of law, is the substance of a resolution adopted by the American Bar Association convention, which has been in session here. The resolution professes the support of the American bar to the efforts of the legal profession of California in this regard.

The campaign of the California Bar Association for the sample bill engaged the active interest of America's leading bar associations attending the convention and the urgency of such legislation formed the background for a number of committee conferences and joint convention discussions. It was pointed out that 24 states in the Union have already adopted such legislation to standardize the ethics of the profession and protect the public against unscrupulous practices. Most of this legislation, it is said, has resulted from the efforts of the American bar and its affiliated state organizations. Discussions at the convention brought out the fact that the American Bar Association has endorsed the type of legislation as proposed in the sample bill and is

working in close co-operation with the American Bar Association in the furtherance of such laws. The sample bill was drawn up under the guidance of the California Bar Association, being modeled very largely after the New York statute in force for the past 12 years. The bill was passed by the last legislature, but its operation was suspended through the referendum. It will appear on the November ballot and will require a majority vote of "yes" to put the law into effect.

MALICIOUS ATTACKS

Recent attacks made upon Senator Johnson by the Washington correspondent of a Los Angeles sheet, in an attempt to create a false impression that the senator had been negligent in his official duties and has failed to give his attention to legislation on the floor of the senate, have called forth a prompt and vigorous repudiation by United States Senator H. O. Bursam of New Mexico, chairman of the senate committee on pensions. The correspondent made a special attack on Senator Johnson for his alleged delinquency in attending to pension legislation. Here is what Senator Bursam says:

"In justice to Senator Johnson permit me to say that no member of the senate has been more faithful, more loyal or more energetic and effective at all times in behalf of the welfare of the soldier.

"Whether the particular matter attacked to affect a veteran of the Civil War, the Spanish-American war, or the world war, Senator Johnson was always found willing and ready to present to answer the roll and he counted in favor of the American veteran.

"Inasmuch as the senator is now before the people of California, before that judgment is rendered, I felt that it was due both to the senator and to all Californians to know the position of Senator Johnson in the senate.

"In addition to this I may say that Senator Johnson has been very effective and extremely successful in taking care of every item of California products, which is evidenced by the schedule contained in the tariff bill now pending in the senate. At no previous time during the history

of the country has the west been as well taken care of, as is evidenced by the tariff bill and other bills which have heretofore been passed at this congress.

"In all these matters it has been a topic of comment by close observers that Senator Johnson was always mindful of the welfare of the folks at home. Senator Johnson is highly regarded by his colleagues as a man of useful capacity and ability. His position of seniority on various important committees is a valuable asset to him as a legislator and to his constituents.

LEADS IN SCHOOLS

Shall California surrender her educational leadership among the states of the Union, bowing submissively to the campaign of "gross extravagance?"

Boiled down to its simplest terms, this is the alternative which Governor Stephens' political foes are presenting to the voters in flinging their loose charges of careless expenditure of the people's money.

More than 51 per cent of all state expenditures during 1921-22, or a total of \$45,189,666, went for educational purposes, according to reports of the assistant superintendent of public instruction and former members of the state board of control. By far the major portion of that sum is a fixed charge on the

income of the state, which cannot be approved or disapproved by the governor. The people have by their votes ordered this expenditure.

In raising their cry of extravagance Governor Stephens' foes, the powerful interests aiming for a long time at his political downfall, have capitalized the popular demand for economy in all lines of business and civic activity. But hiding behind a smoke screen of loosely thought out charges they have carefully concealed the fact that any drastic cut in the state's expenditures would mean the lopping off of many of those educational features of which Californians are justly proud.

They have failed to take into account the fact that the great body of voters is well able to distinguish between the expenditures that bring dollar for dollar returns to the electorate and willful or negligent waste.

True economy is not penny-pinching and the people of California will show decisively at the coming primaries that they do not regret or regard as wasted the expenditures under Governor Stephens' administration.

DESERVES SUPPORT

"Senator Hiram Johnson deserves the unqualified support and gratitude of every true American if for no other reason than that he has prevented the bankrupt nations of Europe from fastening their greedy talons into our treasury and compelling the United States to fight Europe's battles and pay their bills."

With his eyes lighting up with the old time fighting sparkle, Henry T. Gage, former governor of California and for years a leading Republican of the state, declared that but for Senator Johnson the United States would at this time, in all probability, be carrying the burdens of Europe. Governor Gage made a sweeping appeal for all true Americans to support the senator at the primaries and to return him to his seat in the United States senate to again continue his fight against foreign influence and dictation.

"Senator Johnson has my support," continued Governor Gage, "because he was brave and courageous enough to fight, alone and singlehanded, Wilsonism and beat it to its knees. A man who is brave enough to do this, a true patriot, is entitled to the gratitude of all red-blooded Americans. We don't want Europe saddled on our backs and Senator Johnson has been successful in his fight to prevent this.

"For these reasons Senator Johnson will win triumphantly and overwhelmingly at the primaries August 29. His long record of public service speaks for itself. And the world loves a fighter."

Mr. Gage declared that foreign interests were allied to a certain extent to defeat Senator Johnson, but that they would be unsuccessful. He predicted that the senator would be renominated by the largest majority ever given a senatorial candidate in California.

ELECT JUDGE SHURTLEFF

San Mateo county has a high honor and a splendid opportunity at the forthcoming primary election, now only a few days away. Among the candidates for associate justice of the California supreme court is Hon. Charles A. Shurtleff, a resident of this county, a judge of high ability and a citizen of great merit.

Judge Shurtleff is now a member of the supreme bench, having been appointed to fill a vacancy last year. He is a candidate for election to a 12-year term. Not since the organization of the supreme court has any member brought to it higher ideals, a more profound knowledge of the law or a finer human sympathy in applying the law to the problems of society.

There has never been raised any question as to the fitness of Justice Shurtleff for the position to which he aspires. A member of the California bar for 35 years, he has a record of unostentatious service to his fellow citizens which have made close friends and admirers of all who have made his acquaintance.

What finer tribute can any man wish than to have it said of him truthfully that his neighbors are for him? This is what may be said of Judge Shurtleff, from San Mateo county, where he was born, to San Mateo county, where he now resides. Lawyers and all classes of folk who come in contact with his sterling character are for him.

Judge Shurtleff should be retained on the supreme bench. That is the privilege of all Californians, as well as of the people of this county. He is a man who translates the law with a kindly regard for humanity, who pursues the discharge of his duties with industry, ability and abundant knowledge.

VOTE FOR SHURTLEFF for associate justice of the supreme court.

WILL CARRY COUNTY

Senator Hiram Johnson will carry San Mateo county by a 5 to 1 vote. He will receive a much larger vote than he ever has given before. In every section of the county voters are rallying to his standard with enthusiasm. They believe in his policies, they know he is honest and able and by his experience at Washington is in a position to do a great deal for his native state. Johnson is a national character and owing to his six years in the senate is familiar with details, has influence and can be of much use to the state in enacting legislation beneficial to California. A new man would be utterly at sea at the capital. Mr. Johnson's vote will be almost unanimous in San Mateo county.

VOTE FOR STEPHENS

Strong endorsement of the candidacy of Governor William D. Stephens was given last week by the San Francisco labor men, who issued a pamphlet setting forth the voting record of Stephens while a member of congress and urging all labor

men to stand behind him in his present campaign for re-election to the gubernatorial office.

The pamphlet is signed by John R. Doyle, Brotherhood of Locomotive Engineers; Charles W. Armiger, Brotherhood of Locomotive Firemen and Engineers; George E. Conover, Order of Railway Conductors; Henry C. Padilla, Brotherhood of Railway Trainmen.

The statement called particular attention to "the excellent schedule of wages now in effect on the state belt railroad under the administration of Governor Stephens, which, to say the least, a model schedule and positively has no equal."

The pamphlet said in part: "We must realize that friends in office who stubbornly fight our battles of necessity antagonize our opponents and thereby make our enemies their enemies. We would therefore be slackers in our duty if we failed to respond when help is needed."

"If there ever was a time when the railroad men of California should show their appreciation to their friends holding public office, that time is now. So let us reciprocate by voting for Governor Stephens at the primary election August 29."

The Sacramento Stephens for Governor Club has begun a membership drive with the aim of obtaining five thousand active campaigners for Stephens before the primary election. The organization has adopted as slogan: "Vote for Stephens and Prosperity."

"Governor Stephens' record for excellent appointments, both judicial and otherwise, should recommend his candidacy for re-election to every citizen who believes in good government," according to Judge E. C. Hart, associate justice of the third district court of appeal.

"A governor's strength and ability as an executive is best shown through his appointments," Judge Hart said, "and I can sincerely state that I believe Governor Stephens has surrounded himself with a most capable and efficient official family."

"Governor Stephens' businesslike form of government also appeals to me because I am a firm believer in the theory that we need more business and less politics in government."

H. G. Cattill of Pasadena, member of the state board of equalization, is a candidate for reelection to that body. Recent announcements to that effect have been made today by Mr. Cattill himself.
As Mr. Cattill said, he has been and will continue to be very busy with his duties as a member of the board and there will be no time for him to do any campaigning for himself. However, Mr. Cattill is confident that his fine record and devotion to duty as a member of the board will commend him to the voters in the election of August 29.
Mr. Cattill has been a well known citizen of Pasadena for a great many years and has been identified with the affairs of the city council in earlier years. He is a director of the Pasadena Tournament of Roses, in private business life he is president of the Pasadena Transfer and Storage Company, but since the beginning of his term in office, his own business interests being conducted by his associates. Mr. Cattill is also well known to the state. He was a member of the State Legislature four years, being at one time speaker of the Assembly. He is a proponent of the Republican State Central Committee.
The State Board of Equalization has been very busy this year, said Mr. Cattill. It bears the same relation to the state that the county assessor does to the county, assessing the land and the section of the board completed the big task of the corporation assessments. It has also been very busy in the past few days in the collection of data for a report to the legislature regarding the tax burden on different classes of property in the state. He will not have the opportunity to make a personal campaign.
It is interesting to note that the district Mr. Cattill represents on the board comprises twenty-four Southern counties. The district was fixed in earlier years, when the section of the state's population. Now it contains more than one-half of the population of the state. Mr. Cattill had to obtain more signatures to his primary petition than a candidate for governor has to get.

NOTICE
To Whom It May Concern:
The attention of the Disabled American Veterans of the World War, U. S. Veterans' Hospital No. 24, Palo Alto, Calif., has been called to the fact that some people in Burlingame, San Mateo and Redwood City have received the impression that Mrs. Virginia Green, residing at 636 South E. St., San Mateo, Calif., who has been assisting the Disabled American Veterans at this hospital, is receiving payment for her activities along this line.
We, the members of Golden Poppy Chapter No. 2, D. A. V. W. W., being patients in U. S. Veterans' Hospital No. 24, Palo Alto, Calif., and having known Mrs. Green personally for more than a year, and knowing fully the wonderful work being done by her toward alleviating the sufferings and needs of the patients in this hospital, the kindly spirit manifested by Mrs. Green toward the disabled veterans in this hospital; her wholehearted expressions of sympathy have caused the name of Mrs. Green to become endeared to each and every man in Base Hospital, No. 24.
Mrs. Green has never at any time received a penny in remuneration for her efforts in their behalf. It would be utterly impossible for us to repay Mrs. Green for her many kindnesses to us; we feel that we are immeasurably indebted to her and that it is beyond our power to express our gratitude and appreciation to the good lady who has so untiringly devoted her time and her strength in order that the boys here might share in all the benefits which lie in her power to bestow.
Golden Poppy Chapter No. 2, Disabled American Veterans of the World War, U. S. Veterans' Hospital, Palo Alto, Calif., do hereby officially notify all and any persons who may be laboring under the impression that Mrs. Virginia Green has ever received any pay of any nature, other than the heartfelt and deep appreciation of the disabled veterans who have been the recipients of her kind generosity, that they have been misinformed.
That Mrs. Green has never at any time, did not and has not been paid for her work in our behalf.
OFFICIAL:
L. W. Rideout, Commander.
Clarence E. Tottle, Adjutant.

BUILDING NEW TEMPLE

A new temple for the Scottish Rite bodies of San Jose is shortly to become a reality. Such was the decision of the lodge at a largely attended meeting held in the Temple, Tuesday evening, August 8.

Carl Werner, noted architect of San Francisco, who has built the most beautiful temple for Scottish Rite bodies to be found on the western coast, has been engaged to draw plans for the building. He has already submitted rough drawings of the building, which will cost entirely \$300,000. Further details concerning these plans which are to be representative of the best thought and experience of the architect will be made later.

The date for the first breaking of ground for this new monument to masonry has not yet been decided, depending somewhat on the time required by the architect for detailed drawings.

FILES PAPERS OF PARTNERSHIP
A certificate of copartnership of the Pacific Amusement Device Company, in whose principal place of business is given, as 1291 Balboa avenue, Burlingame, was filed in the office of County Clerk Elizabeth M. Nash Friday.
The owners are Edward K. Hause and William P. Archibald, both of Burlingame.

HAS FAULT TO FIND

Editor Times-Gazette:—Sir: Wishing to voice my sentiments, also desiring to help the community in which I reside, I hope you can publish this letter and hope the readers will view it in the spirit in which it is written.
Have not been here long but can see several things here are a detriment to the town, some of which are:

In one block on Broadway, there

are three distinct places where part of the sidewalk is lower than that on the adjoining property which is a menace to pedestrians and may cause a fall and a damage suit at any time. Also there are other sidewalks in the town which badly need repair, and most of the awnings in the city are too low, as they should clear the walk by at least six feet, and there are other sidewalk obstructions, as some of the stores, mostly foreign-owned, who use the sidewalks to store boxes, crates and other bulky objects, going so far as to use the sidewalk to display their wares, such as fruit, etc.

There are also several bad bumps in the streets that should be repaired.

Thanking you in advance for your time and attention to this matter, I am, respectfully, EASTERNER.

Note these New Prices on U.S. Tires

ON July 29, 1922, the lowest prices ever quoted on U.S. Passenger Car Tires went into effect—Royal Cords included.

These new prices should give confidence to dealers and car-owners that no lower basis of quality tire prices will prevail.

Bear in mind that these prices apply to the most complete line of quality tires in the world. Remember, too—as you read the following table—that U. S. quality has been positively maintained.
